## Appendix 1: *Administration of Fellowship Program*

The Fellowship Program is administered from the Fellowship Office at the American Unitarian Association building at 25 Beacon Street, Boston, by Mr. Munroe Husbands, who has been its director from the start. His broad and varied assignment ranges from the field, where he organizes new groups and visits others, to his office desk, where he prepares a mountain of mailings, manuals, and information for the growing fellowship family. He also acts as adviser to groups with problems and growing pains.

For this extensive job, Mr. Husbands has had a single assistant during the ten years, although the program expanded in every direction during that time. At the start of the eleventh year, the one assistant was replaced by two secretaries.

The Fellowship Office is part of the larger Department of Extension and Church Maintenance. Since the development of fellowships is so closely related to general extension, there are liaison provisions; a Committee on Extension and Fellowships, for example, advises and makes recommendations to the staff and the Board of Directors on the related and overlapping spheres. In the first years of the Fellowship Plan, the churches and fellowships had separate advisory committees, but for practical reasons these were combined on May 24, 1954, and have functioned ever since as one.

The Fellowship Office is further linked to the Department of Extension by the position of Associate Director held by Mr. Husbands, and to the closely related Church of the Larger Fellowship, which he serves as Clerk.

## Appendix 2: Fellowship Distribution

(As of May 1, 1958)<sup>1</sup>

In the following list, "F.C." refers to fellowships which have become churches. The first date refers to the date of becoming a fellowship; the second, to the date of becoming a church. An asterisk(\*) refers to groups which were, by vote of the Board of Directors of the A. U.A., included in this period retroactively.
